

提供給小學和中學：

# 免費到校講座及工作坊

想為學生們提供更多課本外的知識？ICE Foundation 於2024年首度開設免費講座及工作坊，希望能夠提供機會給同學們，培養對於人工智能、編程、VR/AR等科技的興趣和認識。

## 活動主題

### 人工智能的第一類接觸

讓學生探索AI人工智能的奇妙！與我們並了解AI人工智能原理，及其應用。一起思考AI如何塑造未來！

活動人數：約120位學生  
適合年級：高小至初中學生

### 網絡攻防戰桌遊工作坊

召喚所有玩家！在卡牌對決中學習Python編程及網絡安全知識，從中愛上編程、愛上學習。

活動人數：20位學生  
適合年級：高小至初中學生

### 我的VR校園模型屋

踏入VR與AR的沉浸式冒險，進入超乎現實的校園，嘗試用VR/AR探索和創作校園的另一面！

活動人數：約120位學生  
適合年級：高小至初中學生

## 名額有限，先到先得，立即報名！

For primary and secondary school:

# Complementary School Talks and Workshops

Looking to provide students with more knowledge beyond textbooks? ICE Foundation is launching free lectures and workshops for the first time in 2024. We aim to provide opportunities for students to develop their interest and understanding in technologies such as artificial intelligence, programming, VR/AR, and more.

## Event themes:

### The First Contact with AI

Explore the Amazing World of AI for Young Minds. Join us to learn about the principles and applications of AI. Let's together ponder how AI will shape the future!

**Event capacity:**

Approximately 120 students

**Suitable grade levels:**

Elementary to junior high school students

### AI Brawl Card Game Workshop

Calling all gamers! Learn Python programming and network security knowledge through card battles. Fall in love with coding and learning along the way!

**Event capacity:**

20 students

**Suitable grade levels:**

Elementary school to junior high school students

### My VR Campus Figure House

Embark on an immersive adventure in VR and AR, stepping into a campus beyond reality. Experience the other side of campus life through VR/AR exploration and creation!

**Event capacity:**

Approximately 120 students

**Suitable grade levels:**

Elementary to junior high school students

Limited spots available, first come first served, enroll now!
