AR For Good Challenge 2024 Open for Registration Now!

Welcome All
Primary & Secondary
Students

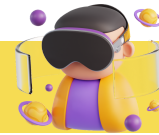

The AR For Good Challenge is a new competitive event established this year. To compliment the 2024 Paris Olympics, **the theme of the competition will be "Olympics". Participants must participate in teams of three** to design an augmented reality project on the CoSpaces Edu platform. Every school may nominate a maximum of 5 teams. This competition will also feature the "Teacher's Most Participating Appreciation Award", which will be awarded to the top 10 teachers who have nominated the most students. (5 teachers from primary and secondary divisions respectively).
